Course Outline

After Facebook, Instagram is the world's most widely used social media and social sharing platform with over 800 million users. Out of these, over 15 million users are in Malaysia. It is therefore essential for businesses and marketers to take notice of the immense opportunities this channel can provide. Our HRDF claimable Instagram training course covers the techniques and strategies that can be deployed and utilised by businesses to reach out and engage with a customer or client base. By understanding the methods that can be utilised through photos and imagery, Instagram can form part of an overall marketing strategy for business to create a constant presence on user devices.

The sheer users of Instagram combined with the right content deployment techniques can get your brand mentions and visibility with whole new customer segments. Whether for lead generation, sales and promotions or just fun and entertainment, Instagram is a powerful tool for your business to take advantage of. Our one day training course uses a combination of practical exercises, presentations and case studies, which by the end of the day will equip you with the skills and knowledge required to excel at running a successful Instagram account, regardless of industry or sector. By learning the specific business elements provided by Instagram, you will learn the distinct advantages that this social media platform can provide you.
