Course Outline

Our two-day Professional Growth Mastery Workshop empowers corporate teams to transform their mindset, enhance collaboration, and set clear, ambitious goals that drive personal and organisational success. Designed to inspire growth at every level, this immersive workshop blends interactive exercises, real-world case studies, and guided reflection to create a powerful and lasting learning experience. Participants will learn to reframe challenges as opportunities, develop emotional resilience, and lead with greater authenticity and purpose.

The workshop also fosters stronger team dynamics, improves communication, and encourages a proactive approach to problem-solving and decision-making. Whether you're looking to cultivate leadership potential, unlock creative thinking, or align your team with a shared vision, this in-house programme is sure to spark new perspectives, ignite inner motivation, and challenge limiting perceptions—paving the way for meaningful, results-oriented change.

The training course lasts two full days starting at 9.30am until 5.00pm, and is inclusive of course materials, certificate, lunch, refreshments and snacks, along with complimentary four week post course support and assistance.

A wi-fi enabled laptop is required for this course along with a basic understanding of ICT and the internet.

Course Benefits

Following this course, benefits include:

- Shift to a growth-oriented mindset that drives performance
- Enhance team cohesion, trust & psychological safety
- Master goal-setting frameworks for measurable outcomes
- Build resilience to turn setbacks into strategic wins
- Influence colleagues and clients with authenticity and precision

Contact us today to learn how our Professional Growth training course can help you and your team.

Course Programme

- Cultivating Growth Mindset: Reprogram limiting beliefs and build a base for internal growth
- Strategic Collaboration: Team dynamics, psychological safety and conflict-to-growth frameworks
- Ambitious Goal Setting: Reverse engineering and accountability pairings
- Adaptability and Resilience: Cognitive reframing and antifragile mindset
- Influence and Authenticity: Personal brand and quiet leadership
- Contextual Communication: Precision language, strategic silence and cultural sensitivity
- Negotiation Essentials: Evidence backing and empathy building
- Action Planning and Accountability: Personal playbook creation, peer-check systems and 30-day commitment

Instructor

KAMRAN KHAN

Kamran is a British leadership mentor with a proven track record in guiding teams, professionals and organisations toward growth and operational excellence. His professional journey began as the founder of an engineering consultancy, where he led multidisciplinary teams across complex infrastructure, military and government-level assignments. This foundation informs his pragmatic approach to stakeholder alignment, planning discipline, and long-range thinking.

With deep expertise in strategic management, professional development, and mentoring frameworks, Kamran has designed and delivered impactful advisory services for university students and industry professionals alike. His coaching style blends emotional intelligence with sharp operational insight, empowering others to lead with clarity, connection and confidence.

Kamran now focuses on helping businesses evolve through people-centric strategies, scalable outsourcing models, and structured mentoring systems that foster resilience, communication, and purpose-driven leadership, sharing the skills he has attained throughout his professional career.
